CIVIC ELECTION DAY, MONDAY, MARCH 3

East Coleman Delegation Meets Town Council

Members of the town council met in council chambers on Monday, Feb. 19. Present were councillors Woods, Waveran, Dibble, Toppino, Jenkins, Ramsay, and mayor N. E. Abousaffy.

A three-member delegation from East Coleman met the council to discuss the possibility of East Coleman's entry into the town. A previous proposal given by the town council to East Coleman, under which residents of that district would pay town taxes 10 mills higher than taxpayers here in town. This difference in mill rate, Mayor Abousaffy explained, would be caused by the immediate improvements needed in East Coleman. A member of the delegation pointed out that were a resident from East Coleman to move into town he would not be charged that additional tax. Mr. Abousaffy replied that whereas services in town already exist, it would be much more expensive to extend these services to East Coleman and that the 10 mill increase would be used to supply these services to East Coleman. Mr. Abousaffy also pointed out that all moneys received in taxes from that district would be put into it for the improvements which would be called for by the citizens of East Coleman.

The 10 mill increase for town taxes would total 18 for East Coleman where as the town mill rate is 8. The delegation reported that the proposed mill rate is not favourable to residents of that

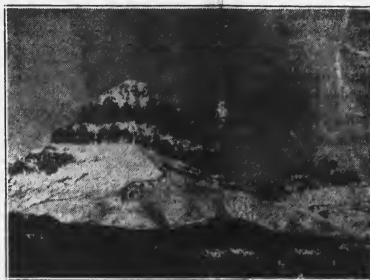

district. They would accept an equal mill rate, the delegates said. The town council felt that their present suggested 10 mill increase would have to stand in view of another acceptable offer from East Coleman residents, although the door to future negotiations is not closed.

The committee which met mine manager H. Clarke, gave their report and said Mr. Clarke would consult his engineers and come to a suitable agreement.

In reply to a letter sent by the secretary to the Public Utilities Commission regarding the price of milk, the Commission replied that the price of milk in the Pass is in conformance with the law under the act. There were two applicants for relief, as reported by council members. One applicant has not been reading in town for the required amount of time previous to application. This case will be referred to the R.C.M.P. for help. The other applicant will be 65 shortly and will be advised by the council to apply for old age pension. In the meantime he will be helped by the town.

Mr. Dibble suggested that in future persons with complaints to make bring these complaints to the office or see the chairman of the particular committee involved instead of bringing all complaints to the mayor. Immediately following the civic elections the Journal will publish the names of council committees and their chairman.

Crows Nest Mountain

The "Sentinel" of the Crows Nest Pass. Located five miles west of Coleman.

Coleman Grands Lose 5-4 To Medicine Hat

All local hockey clubs are so far having a successful playoff series but the Coleman Grands, who have knocked over all local opposition by astronomical scores, hit a snag over the weekend when Medicine Hat dumped them 5-4. The Grands enjoyed a 3-2 lead for a short time but the 'Hat boys pulled up and ahead by 4-3. The Grands succeeded in closing the gap five minutes before the final bell, however, in a scramble before the net, the gas city squad slipped one past the crease to move ahead and win with their fifth goal. What hurts is that the winning goal came only 33 seconds before the final whistle.

The Grands play a best-of-three series with Medicine Hat so all is not yet lost. The Prairie sextet will be here next weekend.

Coleman Midgets Eliminate Bellevue

The Coleman Midget hockey team successfully knocked Bellevue out of the running in the Midget hockey playoffs for the country division. In the two-game total goal series, Coleman managed to squeeze out an 11-10 victory. In the first game, the local sextet defeated the Bellevue squad by an 8-5 count but took the bottom side of the second game which Bellevue won 5-3.

Continuing on their win-trail, the Midgets made short work of the Taber representatives on Sunday afternoon with a one-sided 7-1 win here at the local arena. Our boys led 4-0 at the end of the first frame, took the better side of the scoring in the second stanza 2-1, and tallied once without a reply in the last frame.

Lineups

Coleman: Ryplen, Fraser, Rasmussen, Tarcon, Park, Tymchyna, Filewich, Lathwaite, Wilkie, Knowles, Cornett, Zembla, Koury, Kuchyn.

Taber: Mura, Lawson, Anderson, Ohno, Napper, Bannister, Swanson, Pickett, Kirkvold, Parry, Baile, Owen, Laurie, Kirkvold, Shimboski.

Summary

1st period: 1, Tymchyna (Tarcon, Park); 2, Filewich; 3, Tymchyna (Tarcon, Park); 4, Tarcon (Park).

2nd period: 5, Anderson; 6, Fraser; 7, Cornett (Fraser).

3rd period: 8, Park (Tarcon, Tymchyna).

DESIGNED FIRST STAMP

Sir Sandford Fleming, who was knighted for instigating standard time throughout the world, designed Canada's first postage stamp, the three-penny beaver, a century ago.

PURNELL & SONS OPEN THEATRE IN LACOMBE

Over 700 residents of Lacombe turned out to witness the opening of the new Lux Theatre recently constructed by J. Purnell & Sons of Blairmore. Mayor Tom Wilkes of Lacombe cut the ribbon in front of the screen prior to the showing of the first film. Congratulations were given to J. Purnell & Sons by V. Skorey of Calgary, representing the film industry; W. Wilson, manager of the Capital Theatre in Edmonton; and J. Alexander, president of the board of trade and agriculture of Lacombe. Don Purnell of Blairmore spoke on behalf of the management.

On stage were bouquets of flowers from well-wishers in the district.

ADDITIONAL TRAIN DAILY ON CROW ROUTE C.P.R.

On April 27 the C.P.R. will put on an additional train between Medicine Hat and Vancouver via the Crows Nest, Nelson and Penitence. The new service on both trains will cut down the running time by over six hours between the Hat and Vancouver, making it 36 1/2 hours for the trip. The continuance of the service will depend on the business available. More details next week. The announcement was made last evening at the C. of C. meeting by Supt. George Meldrum of Lethbridge.

PEE-WEES FINISH REGULAR SCHEDULE

The little people's hockey league (they're not so little at that) wound up their scheduled league games on Saturday and are now ready to begin their cup finals, the Red & White Cup.

The last game saw the teams in the following positions:

	W	L	T	G	P	A
Lions	4	1	1	22	5	9
Pattinsons	3	2	1	9	12	7
Legionnaires	2	3	1	12	14	5
Elks	1	4	1	8	20	3

Successful Valentine Tea

A very successful Valentine tea and pantry table sale was held by the Ladies Auxiliary to Canadian Legion, Branch No. 9, Coleman, in the I.O.O.F. hall on Feb. 16th.

The tea was convoked by Mrs. Mary Clarke with Mrs. Edna Campbell, president, supervising. Servitors for the afternoon were Mrs. P. Jones, Mrs. R. Moore, Mrs. H. Ledieu and Mrs. P. Nestor. The Pantry Table was very ably handled by Mrs. C. Antle and Mrs. R. Lloyd. Mrs. J. Anderson was cashier for the afternoon and Mrs. E. McCartney had care of the Raffle. Mrs. J. Wilkie was the lucky winner of the raffle and Mr. Adam Wilson winner of the door prize. The ladies wish to thank all those who patronized their tea and in any way helped to make it a success.

TALKING HIGHWAYS

A patent has been issued for a device that will cause highway surfaces to speak up when an automobile approaches a danger point, says Napier Moore in The Financial Post. The undulated panels let into the road surface, plus the friction of the car wheels conveying the sound waves and the car body acts as a soundbox to make audibility. So far, only single words such as "Danger" or "Crossing" are contemplated. But, just wait until the advertising agency boys get hold of this one!

ALLOWANCES FOR SPECIAL CERTIFICATES

The Coleman Teachers have accepted the offered increase given by the Coleman school board recently. The new agreement gives the local teachers a \$250.00 increase over the 1950 schedule. This is in form of a bonus and can be terminated through negotiations by either party. Added to the agreement is a \$200.00 increase paid to teachers holding a University degree. The new agreement was made retroactive to January 1952.

Allowances for special certificates in use were increased from \$25 to \$50 and from \$50 to \$100.

50,000 PAID ANNUITIES

More than 35,000 people are being paid Canadian Government Annuities, to the value of \$24,500,000 a year, according to figures issued by the Federal Department of Labor. Nearly 40 per cent of the annuitants are between 60 and 70, and 24 per cent between 70 and 80.

All Eligible Voters Urged To Cast Their Ballot

THREE CONTEST TWO COUNCIL SEATS

Mr. J. Parks, returning officer, announced three candidates for the two council seats vacated this year. The candidates are J. Waveran, W. Dibble, and E. Derbyshire. Mr. Dibble and Mr. Waveran's terms expired this year but they are again contesting the position of councillors. Elections will take place on Monday, March 3 in the town hall.

All schoolboard members and trustees were returned by acclamation. Mr. N. E. Abousaffy, who though of retiring as mayor through public request has again been proclaimed mayor of Coleman.

Coleman School Board Holds Special Meeting

The school trustees met for a special meeting in the board room Monday evening to draw up the budget for the fiscal year 1952-53.

In view of the fact that the present school bus has proved so unsatisfactory, the school board has purchased a new bus. A representative of a Lethbridge firm dealing in school buses met some members of the board on Saturday and gave the board information on a new school bus the firm had on hand in Lethbridge. A call to Lethbridge from the meeting Monday night resulted in the delivery of the new bus that same evening. The bus arrived about 10 p.m. and was looked over by the members. This is possibly one of the most prompt deliveries of this kind.

The board voted unanimously in favor of increasing the secretary's wage and offered a yearly increase in wages to the school caretakers.

Mr. Allen presented four possible schemes by which the heavy enrolment expected here next September could be distributed. One of the schemes proved far superior to the others in that it offered less classroom load and transportation of pupils.

The board approved a motion to build two rooms onto the West Coleman school. The board felt that in order to save the auditorium for pupil activities, and because the auditorium is the only centre of activities in the town, the most logical place to build was at the West Coleman school. Two additional teachers will be hired and the positions will be advertised for shortly.

Permission was granted to the United Church, Young People's Club to use the auditorium for a few nights in April.

CARD OF THANKS

Before leaving Coleman we would like to express our sincere appreciation for the many good wishes, fine gifts, and excellent entertainment that have been extended on our behalf.

Although our permanent residence in the Pass is at an end, it will always be "home" to us, and the many friends we are leaving will always be remembered.

My wife and I wish for you all health and prosperity in the years to come.

Sincerely,
 J. J. McIntyre,
 M. A. McIntyre.

Following the massacre of General Custer and his cavalry, Chief Sitting Bull and his Sioux warriors spent six years in refuge in Canada.

Wardens Needed In Civil Defence Organization

In the regular Civil Defence classes held on Wednesday evening, Feb. 20, two lectures were given, one by Mr. H. Allen and one by Mr. L. Richards. The lectures dealt with the effects of the Atomic bomb and its comparison to other high explosives, and special types of bombs used during the last war and their particular effects.

Charts made by the grade nine class were used to show the destructive power of the A-bomb on frame, concrete, and steel structures, and radiation effects on personnel at various distances from zero point, the point where the bomb explodes.

A lecturer from Edmonton will speak to the Civil Defence group some time in March, probably March 19. The meeting will be open to the public and all who are interested in Civil Defence are invited to the meeting.

The wardens' section of the C. D. set-up requires volunteers for wardens services. Some sections of town, particularly Willow Drive, Carbondale, and Graftingtown are as yet not represented and this makes the organization incomplete.

Recruits also required for the general organization, and although a number have come in, it is felt that a far greater response is needed. Civil Defence is your business, your life may depend on it. BE PREPARED FOR CIVIL DEFENCE!

A TIMELY GOOD TURN

Civil Defence and Traffic Control authorities will make full use of a large scale model of the city of Halifax, N.S. now being constructed by Boy Scouts and leaders under the direction of District Scout Commissioner Paul D. Silver, Halifax. The model will include scale reproductions of buildings, streets, highways, docks, rail and transportation facilities.

JUVENILES EDGE FERNIE

The Coleman juveniles are not taking a back seat to any other club, from Coleman either. In the game played in Fernie on Friday they were able to edge out the upper Pass club by a narrow 5-4 count. The Juveniles will now meet Blairmore in their quest for provincial hockey laurels.

Worthy Grand Matron O.E.S. Pays Official Visit To Coleman

Mrs. Kathleen Young, Worthy Grand Matron of Banff paid her official visit to Minerva Chapter No. 41 on Feb. 18th. Accompanying her was Mrs. Mabel Armitage of Calgary and Mrs. Elizabeth Richards also of Calgary. Past Worthy Grand Matron of the Order. During the evening Mrs. Dewar was presented with a life membership certificate for outstanding devotion and service to the Chapter. Mrs. Dewar being a charter member. Mrs. Young, Worthy Grand Matron made the presentation. Belcrest Chapter of Hillcrest were guests for the evening. A delicious banquet was served by the committee. The head table was decorated with a bouquet of carnations, Daffodils and blue iris.

On Monday afternoon Mrs. Charlotte Lonsbury, Worthy Matron of Minerva Chapter was hostess at a tea held in honor of the distinguished visitors. Mrs. Lonsbury was ably assisted by members of the Chapter. On Tuesday evening members of Minerva Chapter No. 41 were guests of Belcrest Chapter, Hillcrest.

MANUFACTURING LARGEST

Labor-management production committees, established under the auspices of the Federal Department of Labor to promote teamwork in industry, number 780. Their operations embrace 311,354 employees. Manufacturing is the largest group, being represented by 44 committees and 167,706 workers.

NOTES AND COMMENTS

The Coming Civic Election

Although the coming elections in Coleman involve only the contesting of two council seats, each eligible voter should turn out to the polls. We can be sure that a very small percentage of the voters will fail to exercise this privilege. They have done so in past years throughout the country in all elections, be they municipal, provincial, or federal.

How many men and women have died throughout the world to win this right? How many generations have men remained voiceless in the governing of their affairs? Yet, even through two of the bloodiest wars in human history, when our rights were endangered, we still remain indifferent to the very cause over which so many have given their very lives.

The foundation of a democracy is the sum total of all the municipal governments. From these stem the higher provincial and federal governments. If we do not exercise our full and complete rights in our own small government here at home, how do we expect our system of democracy across Canada to function properly? If we let the very foundations sag and fall away, how can we expect the superstructure to remain in place and not tumble about our ears?

We fail our principles of government, and will continue to fail them until persons having the right to vote turn out to the polls; when 100% of eligible voters cast their ballots.

Here then are the persons qualified to vote in the March 3 municipal elections: (a) All those whose names are on the voters' lists. (b) All ratepayers in town over 21. (c) All non-ratepayers who are British Subjects over the age of 21, who have resided in Coleman continuously for 6 months preceding September 30, 1951.

We'll see you at the polls!

Annual Red Cross Campaign

Alberta's 1952 annual Red Cross campaign starts on March 10 with the objective figure set at \$400,000. This figure represents a little under fifty cents per capita, a sum which is far from unreasonable.

There being no set organization in the Pass to canvass for this worthwhile drive, an effort will be made very shortly to organize members of various lodges and clubs in Coleman for the purpose of raising at least our quota. According to reports, Red Cross drives in recent years have not been too successful in this area and also in other districts in the province, with the result that Red Cross funds have been sadly lacking. This is one cause we should be duty bound to support.

Mr. Lewis A. Winter, O.B.E., Honorary Treasurer of the Society, stated that for the first time in many years, the Red Cross has been obliged to enlarge its objective from \$5,000,000 to \$5,222,000, because of ever-increasing costs, added commitments to the armed forces, and an expanding free blood transfusion service.

The Red Cross supplies Canadians with services which would cost a great deal more were there no such organization existing. It may be quite easy for some to say "I've never received any services from the Red Cross so why should I contribute?" That need may come tomorrow!

We should remember that our society does no longer conform to the law of survival of the fittest, but that, under our Christian faith, we are our brothers' keepers.

With this coming campaign in mind, let us then put that fifty cents or dollar under that far cup in our cupboard and have it ready when the canvasser comes to our homes.

Andrew Allan

CBC drama producer Andrew Allan, who is broadcasting his impression of the United Kingdom in a series of talks, Festival Summer (Fridays CBW 11:15 p.m., CBK-CBX 10:45 p.m.), is back in Canada. He will resume production of Stage 52, starting with the broadcast of March 2nd.

The 1952 Customline Fordor Sedan

The Customline Fordor Sedan shown is one model in two lines of completely new 1952 Ford passenger cars which will be introduced in this country by Ford-Monarch dealers. The Ford Coachcraft bodies increase the driver's field of

vision both front and rear with a one-piece curved windshield, a one-piece rear window extending over the full width of the car, and narrower, repositioned front pillars. A novel new feature is the relocation of the gasoline filler

pipe behind the rear license plate and below the rear compartment floor, adding more useable luggage space and making the pipe more easily accessible from either side of the car.

UNION ANNOUNCEMENT!

Local Union 2633 United Mine Workers of America are sponsoring two candidates for the coming election of Councillors for the Town of Coleman.

Our Candidates Are:

Walter Dibble
and
Ellis Derbyshire

Walter Dibble is an experienced Councillor and is well versed with the operations of the Town.

Ellis Derbyshire is a native of Coleman and a Veteran of the last war, having served overseas with the R. C. A. F.

They have both been chosen with due consideration for their ability and willingness to serve you well.

We are appealing to all eligible members living in the Town of Coleman to cast their ballot on election day

MONDAY, MARCH 3rd

Pincher Creek Field Called 'Frozen Asset'

Largest Single Natural Gas Reserve In Canada Remains Largely Undeveloped

(from the Calgary Herald)

What are the potentialities of the vast Pincher Creek gas field? What by-products can be obtained from it? How can its development be affected? These and other questions are discussed by Carl O. Nickle, M.P., in a series of articles, of which this is the first.

A great "frozen asset", whose basic content alone is worth over half a billion dollars, will bring an industrial revolution to Southern Alberta, and broad direct and indirect benefits to all Alberta and Canada as soon as governments give authority to unfreeze, and private enterprise goes to town.

The asset is Pincher Creek, a 2¼ mile deep "wet gas" field which is the largest single natural resource reserve of its type yet found in Canada. It lies under foothills country between Pincher Creek town and Waterton National Park, in the southwest corner of Alberta, 15 miles north of the U.S.-Canadian border.

A large chemical industry will probably develop in Alberta when Pincher Creek field is put to use. Ethane, propane and butane are contained in the raw gas as it would be produced from the wells. These are the raw materials from which ethanol (grain alcohol), synthetic rubber, synthetic fibers and a long range of plastics are produced.

Pincher contains the largest supply of these materials so far discovered in Canada. Chemical manufacturers will probably be attracted by the abundance of raw materials, and the Alberta plains may easily become the site of Canada's largest chemical industry, built around the large, available supply of the various organic compounds.

Pincher Creek is the largest of a steadily increasing number of frozen assets in Alberta. It will

continue frozen until its gas can be produced and sold. The production, sale and use of 'by-products' representing five-eighths of the asset value depends upon sale of dry gas.

The sale of one dollar's worth of Pincher Creek dry gas will result in the production of \$1.65 worth of by-products, which would remain in Canada for use in driving tractors and automobiles, heating farm and town homes, and forming the base of a great chemical industry. The by-products cannot be transported in the gas.

They must be removed before the gas can be moved through long pipe lines to market. From the by-products extracted near Pincher Creek would stem an industrial revolution. How soon depends on Alberta's answer on the gas export question.

"My Week"

by R. J. Deachman

Noted Canadian writer on financial and economic subjects
This feature written for Canadian Weekly Newspapers

THE OLD CONFLICT

(By R. J. Deachman)

In our earlier history there were two classes, workers and farmers. The workers worked for themselves and at times worked for others taking as their pay a part of what they produced. In course of time the land became fairly well occupied. Some had more land than they could handle so they hired others to work for them. This was the beginning of a new era and distinction grew up between those with land and those who worked on it. The latter at times were paid by giving them a part of the product they produced. Here was the first distinction between the owner or capitalist and the worker who worked and was paid for it.

The Changing Farm

The situation changed with the years. The farmer needed more machines and got them. Came, in time, the industrial revolution. The machines of today are far more efficient than the machines of 100 years ago. All this brought about many changes. There were more jobs for factory workers. The farmer could get along with less help, the cities grew rapidly. Fewer men found work on the farms. That statement applies only to the older settled districts. Agricultural production has expanded tremendously. The farmer now caters not only to the local consumer—there is a world market for his product. All this has brought about a great change. We have two great classes, industrial workers and farmers. Is this to be an agricultural country or an industrial nation?

Our Great Future

Decidedly, at least, as I see the picture, it will be both. We have vast areas of agricultural land not yet worked to capacity. The farmer, it is true, faces difficulties. At times the market is not all that could be desired. The increasing industrialization of the world, gives promise of better markets in the future. Our domestic market improves with the growth of our towns and cities. This is an industrial age and this means expansion of demand.

There are some problems. Labor is difficult to obtain at reasonable rates but increasing mechanization is the answer. From our growing cities comes additional help at certain seasons. The farmer also faces this problem, machinery is expensive. It is in use for a very short period. In other words, capital costs are high when measured by the period of usefulness. Even here there is hope. The machine which has an active life of only 5 or 6 weeks in a year will last many years.

The Labor Problem

Then there is the labor problem. The rising rates of wages lead to higher freight rates. Here it is difficult to see the end of the problem but it is not without hope. Railway equipment is better than ever before. The truck is becoming a more important factor. In the West, of course, there is a heavy movement of grain in the fall months but in the East the distances are shorter, transportation is not quite so important.

The Happy Ending

Then the farmer's life should be happier, healthier, fuller than that of the industrial worker. It's a life in the open. If he has the desire or the natural ability he can make his home a place of beauty and a constant joy. Then the farm is a fine place to raise a family. The birds may leave the home nest and go to the city but it will be worthwhile for them to know that they were born and grew up on a farm.

JOB'S DEPEND ON AUTOMOBILES

Three-quarters of the residents of cities and large towns in Canada depend upon automobiles for transportation to and from their jobs, and for their business. It is reported by Federation of Automobile Dealer Associations of Canada.

Theatre Notes

Future attractions coming to the Roxy Theatre and promising top-notch entertainment are "Detective Story" showing here on Feb. 28-29; "Excuse My Dust" on March 1-3; "Peggy" on March 6-7, and "A Place in the Sun" showing on March 8-9.

"Detective Story" stars Kirk Douglas in the principle role, supported by Eleanor Parker and William Bendix. The film portrays the routine and rough stuff that makes a detective's work both boring and bruising. Intermixed in the plot are two moving love stories.

"Excuse My Dust" stars Red Skelton, Sally Forrest and Macdonald Carey. The setting is Indiana in 1895 with Red as the inventor of a "horseless carriage" but can't get along with his girl's father because he (the girl's father) is the owner of the principle livery stable in town.

Combining the colorful pageantry of Pasadena's world-famous New Year's Day Rose Parade with the barrel of hilarious belly laughs, "Peggy" starring Diana Lynn, Charles Coburn, & Charlotte Greenwood, emerges as one of the brightest comedies of the year.

"A Place in the Sun" is a must to theatre patrons. It is strongly cloaked in tones of tragedy. Starring in the picture are Montgomery Clift, Elizabeth Taylor, and Shelley Winters. There is an unfortunate Clift-Winters romance which leads to contemplation of murder, death, and conviction.

CANADA LEADS WORLD

Canada is the first, and still the only country in the world, to make extensive use of airplanes to transport first-class mail at ordinary postage rates, Deputy Postmaster General Walter J. Turnbull said here recently.

FEWER CARS FOR CANADIANS

Approximately 267,000 passenger cars were sold to Canadian motorists in 1951, according to an estimate based on Dominion Bureau of Statistics reports. This was 40,000 less than in 1950. Motor car dealers blame high taxes for the drop in sales.

WOMEN HAVE EDGE

Women outnumber men in subscribing to the Federal Government's Annuities, according to Labor Department figures. Of 48,000 contracts under which annuities are already being paid close to 27,000 are women.

Canada has one doctor to each 977 of population; the U.S.S.R. has about one doctor to every 10,000 population.

A half billion dollars is currently being spent to double Canada's production of aluminum.

In Ontario a paper company started in 1947 a forest nursery to aid reforestation, now has six million seedlings in it.

The Journal has Model 5 Remington Rand portables in stock and students who plan on purchasing their own machines to aid in their typing classes can secure one of these beautiful machines without a moment's delay.

HERE'S HEALTH

When Harry at his work has toiled
His hands are often
badly soiled
Warm water, cornmeal
and mild soap
With heavy dirt
will safely cope.

Canadian Pacific Railway Photo

A model of the old Town Hall clock tower of Preston, England, was a unique Canadian Pacific Express shipment aboard the Empress of France when she docked at Saint John, N.B., last week. The model, which moved in the custody of Chief Bedroom Steward William C. Hartley (far right), a native of Preston, is now travelling throughout Canada and the United States, and is being displayed in the city

halls of many of the major cities. With it is an illuminated scroll on which all ex-Prestonians are asked to sign their names. The clock tower, carved from the original timbers of the old structure which was destroyed by fire in 1947, is a symbol of the Preston Guild celebrations which, with the exception of the war years, have been held every 20 years for the last 400 years. They will be held in Preston on

Sept. 1 this year and the model of the tower carried an invitation to all old Prestonians to attend. In this picture taken the day the tour started in Liverpool aboard the Empress are (left to right) Councillor J. W. Taylor, mayor of Preston; Preston's town clerk W. E. Lockley; D. B. Watson, general agent for the C.P.R. at Liverpool and Mr. Hartley.

LOCAL NEWS

Mrs. Dumont sr. is a patient in the C.N.P. hospital

Mr. H. Savage is a patient in the C.N.P. Hospital.

Mrs. Mary McNaughton has joined the staff of Hazuka's store.

Mr. and Mrs. N. McKinnon left Wednesday for Calgary where Mr. McKinnon will undergo medical treatment.

Mr. and Mrs. S. T. Mitchell of Lethbridge were recent weekend visitors at the home of Mr. and Mrs. J. Goulding.

Steve Groszko at present studying education in Calgary, spent the weekend with his parents Mr. and Mrs. G. Groszko.

Mrs. H. Golebrowski has returned from Calgary where she has completed an advanced business course.

Misses Patte Fraser, R.N., Dorcen Corralini R.N., and Anna McQuarrie R.N., attended the Nurses refresher course in Lethbridge last week.

Mr. and Mrs. P. Dickleson and family were Calgary visitors over the weekend, visiting Mr. Dickleson's father who is seriously ill.

Mr. Jim Kerr accompanied by his uncle Mr. W. Kerr of Bellevue and Mr. H. Zak of Blairmore, attended the Shirt Sleeve Bonspiel at Lethbridge last week.

On the evening of Feb. 19th. a "Civil Defence for Nurses" lecture was given by Miss Anna McQuarrie R.N. in the doctor's office. Two films were shown by Mr. H. Allen.

Master Ross Anderson of Fernie, B.C. spent a few days visiting his grandparents Mr. and Mrs. John Morrison. His parents Mr. and Mrs. Andy Anderson recently moved from Lethbridge to Fernie where Andy is stationed with the R.C.M.P.

The C.O.I.T. group held a candy sale in connection with the Ladies' Auxiliary of St. Paul's United Church on Feb. 16th. The tables and counters were cleverly decorated with Valentine motifs. The delicious candy was soon sold, realizing over \$3.00 from their efforts.

A group from Coleman will be among the artists when the association of United Ukrainian Canadians hold a concert including National songs, dances and music in the Civic Sports Centre at Lethbridge next month to commemorate the memory of Taras Shevchenko, Ukraine's National poet.

The regular meeting of the Ladies' Auxiliary of the Canadian Legion was postponed due to funeral of His Majesty King George VI, and was held Feb. 20th in the I.O.O.F. Hall. After the conclusion of the meeting whist was played. Mrs. E. Lonsbury won the honors. A lunch was served by the committee.

Word has been received of the death of Dan Lawrence MacDonald, age 30, in a coal mine accident in New Waterford, N.S. He was known here to his many friends as "Scow". He lived at the home of Mr. and Mrs. Charles MacQuarrie in '47 and '48. He leaves to mourn, his widow and infant son.

The Past Chief's Club of the Pythian Sisters met at the home of Mrs. Mary Clarke on Wednesday evening of last week. A good attendance was present. Whist was played and a dainty lunch was served. Honors were won by Mrs. S. Penny and Mrs. W. Cousins. Mystery box was won by Mrs. Eva Jones.

Mrs. Oberne D.D.S. Honored Royal Lady of the Order of the Royal Purple, Lethbridge, paid her official visit to Macleod Lodge on Feb. 21st, and 28 members of the Royal Purple Order of Coleman journeyed there to attend this meeting. The degree work was very beautifully exemplified. A delicious chicken supper was served at the close of the meeting.

As a reward for having the largest number of Calgary Herald subscribers in his district, Peter Makowichuk joined other Herald carriers from Southern Alberta points in an enjoyable weekend visit to the Banff Winter Carnival and a tour of the points of interest in the city of Calgary.

At the last meeting of the Couples Club of St. Paul's Church a quiz prepared by Mrs. S. Krzywy was greatly enjoyed. A saxophone solo by Leslie Owen, a violin solo by Evan Gushal, accompanied on the piano by Mrs. Owen, were enjoyed. During the evening's entertainment Mr. and Mrs. C. Picard, Mr. and Mrs. M. Dunford and Mr. and Mrs. A. E. Morrison were appointed to act on the committee for next meeting.

On the evening of February 15th, the United Church Evening Study Group met at the home of Mrs. Horace Allen. Following the Devotional period Mrs. Betty Graham gave a splendid and inspiring talk on the Psalms which was greatly appreciated by all members. The recent Pantry sale held by the group brought in the sum of \$31.00. New equipment for the

Sunday School was discussed. A delightful lunch was served by the hostess at the close of the meeting.

Coming Events
